Hi all,

Please see below your weekly update on 'what's on' in Parliament for the week commencing April 27, 2026.

Please find **an updated red and green bill tracker**. A new sheet can be found [here](#). Hope it helps!

As ever, both chambers and committees are subject to schedule changes so do keep checking for new updates

[here](#).

Separately, please find the **rolling parliamentary monitoring doc** [here](#) for next week. It would be great if account teams could fill out the sessions they will be monitoring, so work is not duplicated.

Have a great weekend!

All the best,

Larissa
